

PTSP Series Heavy Duty Pull Type Spin Spreaders

At last you have a choice!

With two models to choose from, Unifarm's PTSP Pull Type Spreaders offer you rugged construction and ease of operation with "Hook Up and Go" convenience. Easy to access lubrication points, high flotation tires, and heavy duty spun metal hopper mean years of dependable and trouble free performance. "On The Go" application adjustment from the operator post is possible thanks to the heavy duty control cable.

Standard Features Include:

- Adjustable hitch frame for horizontal operation with all hitch configurations
- Decoupling and coupline of transmission from Spinner Disc for work and transport
- Operator Post Mounted Cable Control
- Hitch to fit 2" hitch balls.
- High Flotation 18x9.50 Tires for enhanced flotation and stability
