Models PHT-520H and PHT-280 Hay Tedders

Hay Tedders from Uniform Machinery Corporation offer you the quality and performance you can depend on!

Get your hay out of the field faster with hay tedders from Uniform. Cast iron gear boxes, Oversize 15" tires, and heavy duty pto with standard over-running clutch assure years of safe and trouble free operation.

Adjusting your tedder to varying field conditions is a snap with an easy to adjust single crank handle mechanism.

Don't worry about getting on and off of your tractor to move around the field, The 520H model comes standard with dual hydraulic cylinders for moving your machine into transport position and back to working position. One single acting remote is all you need.

Whether you are doing a big job, or a little job, these heavy duty machines are built to do the job right!
